

## burks vision clinic

Dr. Ronald A. Burks · Optometric Physician

Dr. Brittany B. Boyette · Optometric Physician

03-23-2011

Mulhearn Wilson Constructors, Inc.  
9732 Maumelle Blvd.  
Maumelle, Arkansas 72113

To Whom It May Concern:

After twenty five years in the same location, our vision clinic had outgrown its present facility. We decided to move and build a new larger clinic from the ground up. Mulhearn Wilson Constructors Inc. was selected as our general contractor in late spring 2010.

Steve McCord was the job superintendent and Seth Mulhearn personally monitored the overall construction process. I could not have asked for a better team. Throughout the entire construction process they strived to produce a quality product at quoted price and did so as promised. Any construction job is going to have its trials and tribulations, but they were always available for consult and corrected any of the minor mishaps that can occur on any job site. Mulhearn Wilson Constructors are quality contractors to be taken at their word, when they tell you they will do something, they will.

I would strongly recommend MWC to anyone thinking of building a new office and would not hesitate using them in future projects.

Cordially,

Ron Burks OD
